7.	<p>Discussion</p> <p>From last meeting - After school activities, clubs etc – a list will be provided to parents based on what the school will be offering each term at the beginning of that term, this will depend on the interests and availability of staff. Although this is dependent on Covid restrictions Peter will organize and distribute</p> <p>Discussion- Tanya mentioned Covid struggles for students including loss of many fun type events and end of year activities such as Illuminous week. In some year groups there seems to be some disconnection between the students that maybe these types of activities would assist in rebuilding.</p>	<p>Peter</p>

	<p>Is there a way the Parent Voice could support the extra types of activities that bring the students together as a community – even if it is in small groups?</p> <p>Karen stated that obviously with covid we can't bring the whole year groups together but are looking at smaller options such as how to run Harmony Day, there is also Seminar class that they can get groups of children together to work on various issues.</p>
